

13th Annual

A Night at the Oscars

Presented by

Medical Properties Trust

benefiting

Mitchell's Place

A Comprehensive Autism Treatment Center

On Sunday, February 24, 2019, Mitchell's Place will host its annual fundraiser, *A Night at the Oscars*, at The Club in Birmingham, AL. The event coincides with the broadcast of the 91st Annual Academy Awards and promises to be an extraordinary evening.

Thanks to our 2018 sponsors and guests, we raised \$360,000.00 for Mitchell's Place programs and we hope to make 2019 a record-breaking year! Proceeds from this event support social, educational, and therapeutic services for children and families affected by Autism Spectrum Disorder. Autism is a lifelong developmental disorder characterized by marked impairments in social and communication skills. Current prevalence studies by the CDC estimate that autism affects **1 in 59** individuals making it the fastest growing developmental disorder in the United States.

Our mission is to provide quality innovative services to allow individuals with autism the opportunity to reach their utmost potential. We strive to keep our services at an affordable cost to enable more families to benefit from our programs. Your support will allow us to continue to provide much needed services for a drastically underserved population.

Enclosed is a description of sponsorship opportunities for your company. We will contact you soon to discuss these options. In the meantime, if you have any questions, please do not hesitate to contact Lizzy Hubbard at lhubbard@mitchells-place.com. Thank you for taking the time to consider this request.

Sincerely,

Madeline and Jake Reiss
Co-Chairmen, 2019 Oscars Committee
